

## **BDS Scotland Showing Awards**

This year will be the fourth year these awards have been run.

These BDS Scotland Showing awards are open to all exercise and private driving turnouts which compete at a minimum of three Scottish shows during the year driven by a member of the British Driving Society.

The BDS Scotland Showing Awards reward the dedicated drivers who support and compete in driving classes at shows throughout Scotland during the season. They are open to all turnouts (Exercise and Traditional) in all classes and all shows listed will count. So as long as you are a BDS member and compete at three or more of the listed shows then you will be eligible for one of the awards.

The awards will be based again this year on the number of shows a driver drives at regardless of the turnout. This makes it fairer on people who complete various turnouts who previously were at a significant disadvantage and their dedication to shows was not always appropriately rewarded.

The awards are on a three tiered basis

Compete at 3 or 4 shows = Bronze level award

Compete at 5 or 6 shows = Silver level award

Compete at 7 or more shows = Gold level award

So it gives people something to aim for over the season.

We have been very lucky to secure very generous sponsorship for these awards again this year from Mrs Jacqueline Watson which allows us to present lovely rosettes and trophies to the recipients of the awards at the BDS Scotland AGM at the end of the year.

So please support the shows in Scotland and receive one of these lovely awards.

The shows included in this are :

Driving Extravaganza @ Morris EC
